Justification

Air Force bands provide military and patriotic music for official military, White House, Congressional and State Department activities such as ceremonies, formations and parades. In addition, the bands are an essential element in maintaining troop morale, retention and recruiting. Air Force bands play a key role in fostering excellent relations with the many communities that interact with Air Force units; they keep alive and enrich American musical heritage while projecting the Air Force image.

The FY 1996 personnel increase reflects an additional operating location at Hickam AFB to include 11 additional enlisted billets. It includes an Air Force Band restructuring which added one officer and 14 enlisted billets to the band at Travis AFB. This restructuring equates to the standard manning size of 2 officers and 58 enlisted personnel per band. The FY96 funding decrease represents FY 1995 one-time costs associated with minor construction and maintenance and repair of the Headquarters U.S. Air Force Band located at Bolling AFB. The FY 1997 funding increase reflects an increase in travel, and new band equipment.

Narrative:

FY 1996 - 1997

Child Development Services \$500 thousand net program decrease reflects FY 1996 start-up costs for operational supplies/equipment and contract seminars/workshops required for 5 new centers and 6 building replacements/additions. Family Centers funding remains stable, program reductions of \$98 thousand are related to decreased contract seminars and workshops. The Family Advocacy Program is not included in the Air Force appropriation. The core Family Advocacy Program increase of \$10.8 million is primarily related to a 50 percent increase in contract endstrengths.
